A Note from the Executive Director

It's great when a plan comes together.....

I walked into Creekside Place one Wednesday morning and was amazed at the activities that were going on. In the smallest of rooms was our foot clinic offered to our Young at Heart by Stoughton Hospital. Our activity room had a TOPS weight loss class, the school district was active in the medium room with a strategic planning meeting, our large room was being used for Ball & Band and the lounge was full with friends talking over a cup of coffee. The previous Wednesday night I stayed late for an I & E Club meeting in the medium room while Zumba Gold was moving in our large meeting room & the Evansville Youth Soccer Board was meeting in the lounge.

Creekside Place has been fulfilling the four core purposes since the day we opened.

- To provide accessible space for gatherings, both large and small
- To offer community opportunities for lifelong learning
- To serve our community's seniors with diverse programs and activities
- To support community groups in making the Evansville area a better place to live, work, and play

We strive to improve in all areas as we move forward each day, each event, and with each guest.

As we move into the winter months, on behalf of the Creekside Place staff and Board of Directors I would like to wish you all a safe and happy holiday season.
